

## VOTE PRENTER FOR WATERLOO LDC

My name is Mark Prenter and I wish to ask for your support in the forthcoming Waterloo LDC election.

I have been a Driver at Waterloo for the past 18 years. For the last 15 years I've been privileged to represent the depot, firstly as a co-opt rep, gaining valuable experience before running and being elected as your LDC rep.

Throughout this time I have successfully represented many drivers at flexible working, attendance, form 1, DPE 1 and DPE 2 hearings. My role is also to negotiate for ALL drivers at Waterloo, through collective bargaining, winning agreements that benefit the majority of Drivers at Waterloo.

Some of the agreements reached included taxis for ALL drivers working rest days, ascertaining next turn of duty and permanent swap arrangement, which not all other depots on SWR are fortunate enough to enjoy. When an agreement cannot be reached I'm confident to use the fail to agree process. Most recently, I have won a FTA, when SWR wished to chop link 3 into two links, at present Link 3 remains the same, due to winning the FTA.

We will soon be facing some critical issues including the introduction of new stock, and potential attempts to change our methods of working. These are big battles and difficult discussions will need to be had for which experience will be vital.

Waterloo NEEDS a rep that successfully represents all Drivers.  
Waterloo DESERVES a rep with a proven record of winning individual and collective battles.  
Waterloo DEMANDS a rep with the experience to deal with all the issues at hand.

I believe I am that rep.
